

Orifice Plugs

3/8 in Straight Threaded Plug

Made from a 3/8 in hex socket plug, orifice plugs can be pre-drilled or ordered as blanks. The orifice diameter is determined by the last three digits of the part number ± 0.001 . (example 6112128: "orifice" = 0.128 ± 0.001 .) Orifice diameter limits: 0.010-0.190 in.
